## Assessment comments

To pass the subject it is compulsory to obtain a final mark, after adding all the activities marks, at least 50% of the total qualification.

To get a NO SHOW mark, the student will not be able to attend the final multiple-choice questions exam.

The guideline to pass the subject in July is the previous one, or to get a mark in the final multiple-choice exam not lower than 50%.

Regarding following academic years, the teaching guides management, including the assessment, refers only to the ongoing academic year. Therefore, all the activities and assessment methodologies scheduled and planned for the following year will start from zero.

Supervised projects and problem solving of part-time students will be assessed in a personalized way.
