General description	The transformation of nature by humans has created both human well-being and environmental problems. People aim to become more prosperous and to keep enjoying the benefits provided by ecosystems. In this course we study how to reconcile these two goals.			

Study programme competences / results	
Code	Study programme competences / results
A5	Analizar e caracterizar mostras de orixe humana.
A6	Catalogar, avaliar e xestionar recursos naturais.
A19	Analizar e interpretar o comportamento dous seres vivos.
A23	Avaliar o impacto ambiental. Diagnosticar e solucionar problemas ambientais.
A24	Xestionar, conservar e restaurar poboacións e ecosistemas.
A27	Dirixir, redactar e executar proxectos en Bioloxía.
A28	Desenvolver e implantar sistemas de xestión relacionados coa Bioloxía.
A29	Impartir coñecementos de Bioloxía.
B1	Aprender a aprender.
B2	Resolver problemas de forma efectiva.
B3	Aplicar un pensamento crítico, lóxico e creativo.
B4	Traballar de forma autónoma con iniciativa.
B5	Traballar en colaboración.
B6	Organizar e planificar o traballo.
B7	Comunicarse de maneira efectiva nunha contorna de traballo.
B8	Sintetizar a información.
B9	Formarse unha opinión propia.
B10	Exercer a crítica científica.
B11	Debater en público.
B12	Adaptarse a novas situacións.
B13	Comportarse con ética e responsabilidade social como cidadán e como profesional.
C1	Expresarse correctamente, tanto de forma oral coma escrita, nas linguas oficiais da comunidade autónoma.
C2	Dominar a expresión e a comprensión de forma oral e escrita dun idioma estranxeiro.
C3	Utilizar as ferramentas básicas das tecnoloxías da información e as comunicacións (TIC) necesarias para o exercicio da súa profesión e para a aprendizaxe ao longo da súa vida.
C4	Desenvolverse para o exercicio dunha cidadanía aberta, culta, crítica, comprometida, democrática e solidaria, capaz de analizar a realidade, diagnosticar problemas, formular e implantar solucións baseadas no coñecemento e orientadas ao ben común.
C5	Entender a importancia da cultura emprendedora e coñecer os medios ao alcance das persoas emprendedoras.
C6	Valorar criticamente o coñecemento, a tecnoloxía e a información dispoñible para resolver os problemas cos que deben enfrontarse.

C8	Valorar a importancia que ten a investigación, a innovación e o desenvolvemento tecnolóxico no avance socioeconómico e cultural da sociedade.

Assessment comments
<p>First-time, part-time and attendance-exempt students will write five essays on questions brought up by the teacher. The student can get up to 2 points in each essay. If the student uses in an essay a string of words previously used by another author the grade will be -2. More information in https://sites.google.com/site/microensayos/ . At the end of the semester there will be a written test in which the student can get as many points as needed to get a 10 after adding up the points obtained in the essays. The student will get 0.25 points for attending each small group session. The final grade will be the sum of the points of the essays, the test and the small group sessions. Students who submit an essay cannot get a "No show" grade. Students who do not submit any essay and do not take the test will get a "No show" grade. Non-first-time students will be graded with a test and they can get the "Honors" grade. Points obtained in previous attempts at passing the course are not taken into account.</p>
