<b>General description</b>	The objective of this course is to train students for conducting empirical research in the social area of knowledge of Labor Relations and Human Resources. Given the practical nature of the subject, for which undoubtedly also requires a theoretical basis about the methodology and research techniques used in social sciences, guides students in order to prepare for the implementation of Final Project Degree in labor Relations and Human Resources.				

## Study programme competences

Code	Study programme competences
A18	Interpretar datos e indicadores socioeconómicos.
A25	Aplicar as distintas técnicas de avaliación e auditoría sociolaboral.
A26	Aplicar técnicas cuantitativas e cualitativas de investigación social ao ámbito laboral.
A31	Aplicar os coñecementos á práctica.
A35	Análise crítico das decisións emanadas dos axentes que participan nas relacións laborais.
B1	Resolución de problemas.
B2	Capacidade de análise e síntese.
B3	Capacidade de organización e planificación.
B4	Capacidade de xestión da información.
B9	Traballo en equipos.
B14	Aprendizaxe autónomo.
B15	Creatividade.
C1	Expresarse correctamente, tanto de forma oral coma escrita, nas linguas oficiais da comunidade autónoma.
C3	Utilizar as ferramentas básicas das tecnoloxías da información e as comunicacións (TIC) necesarias para o exercicio da súa profesión e para a aprendizaxe ao longo da súa vida.
C6	Valorar criticamente o coñecemento, a tecnoloxía e a información dispoñible para resolver os problemas cos que deben enfrontarse.
C8	Valorar a importancia que ten a investigación, a innovación e o desenvolvemento tecnolóxico no avance socioeconómico e cultural da sociedade.

Methodologies	
Methodologies	Description
Workbook	<p>Critical readings, comments and practical exercises that students must perform, as directed by the teacher in class.</p> <p>If you have not attended class the day on which the relevant practice takes place, it may deliver Moodle in 24 hours (if the nature of the practice allows), keeping in mind that you will have less score if It was delivered in class.</p> <p>No works was collected after 24 hs</p>

Objective test	Oral or written examination with questions, practical exercises or comments text
Guest lecture / keynote speech	Oral presentation by the teacher, complemented by use of audiovisual media and the introduction of some questions to the students, in order to impart knowledge and objective learning.

### Personalized attention

Methodologies	Description
Workbook	It will be for readings, guiding each student on the work he has to do, how to do and information sources used. Tutorial hours for any queries on the matter be established.

### Assessment

Methodologies	Competencies	Description	Qualification
Objective test	B9 C1	<p>Oral or written examination with questions, practical exercises or comments text</p> <p>The student must choose one of these two forms of evaluation:</p> <p>1- Perform at least 25% of the share "READINGS" (40%) and submitted to the "objective test" (60%). In this case the marks obtained in the two methodologies, BOTH IN JUNE AS OPPORTUNITY IN JULY would join. If the sum of the two methodologies do not reach the approved opportunity in January, the qualification obtained in the share of "READINGS" maintain and add to the score on the "objective evidence" of opportunity July That is, the student who chooses this evaluation system couldn't take the "objective test" over 100%.</p> <p>2- Take only the "objective test" (100%) in June and/or in July.</p> <p>IMPORTANT NOTE: students who due to individual situations may not benefit from any of these evaluation systems, PLEASE CONTACT THE TEACHER WITHIN 10 DAYS OF THE START OF TEACHING of the subject to try to adapt the evaluation system.</p>	60
