Methodologies	
Methodologies	Description
Introductory activities	Initial contact with the course contents. Different activities will be conducted to obtain relevant information from/about the students' level of competence in English. This information will be used to articulate the different teaching strategies to favor a comprehensive and effective learning.
Guest lecture / keynote speech	Professor lectures, supported by A/V technologies, and including questions and discussions that help students to acquire general knowledge and specific contents.
Seminar	Practical classes conceived to develop speaking, writing, reading and listening skills using a topic from the course contents or others that might be of general interest. Students will participate in these seminars every week, so that they are able to practice all skills uninterruptedly.
Directed discussion	Oral activities in small groups, monitored by Teaching Assistants, in which students' speaking skills are put into practice. Informal, spontaneous, and natural conversations and debates are to be expected in these sessions.
Speaking test	A brief conversation or interview with professors (individually or in pairs). Students will improvise situations suggested by the professors, and they will be allowed to use A/V materials during the test.
Workbook	It includes all the reading material students will have to use as out of class preparation for the reading comprehension activities, as well as all other readings in English students use in other subjects or in other situations: journals, newspapers, magazines, internet, etc. Professors strongly encourage students to read as much as possible.

Supervised projects	Students will work on a group project about a specific topic that will be detailed during the Introductory Activities session. The aim of this activity is to foster students' autonomous and collaborative learning. Each group's project will be presented in class, and a written/digital copy will be handed in to the professors.
Student portfolio	É unha carpeta ou arquivador ordenado por seccións, debidamente identificadas ou etiquetadas, que contén os rexistros ou materiais produto das actividades de aprendizaxe realizadas polo alumno ou alumna nun período de tempo, cos comentarios e cualificacións asignadas polo profesorado, o que lle permite visualizar o progreso do alumnado. Na nosa materia deberá incluírse no portafolios todo o traballo persoal que o alumnado desenvolva fóra da aula que dea conta do seu esforzo e progreso na materia. Valorarase especialmente a inclusión dun diario de aprendizaxe escrito en inglés e feito con orixinalidade e creatividade.
Mixed objective/subjective test	Written examination. It allows professors to assess knowledge, skills, abilities, attitudes, and intelligences developed by students during the semester. The objective test may include several types of questions: multiple choice, brief answers, association, gap-filling, and other activities and tests.
Collaborative learning	The production of a collaborative project will promote peer learning. Students are required to work in small groups, sharing abilities and information. Professors' supervision will help individual students optimize their learning.

Personalized attention

Methodologies	Description
Supervised projects Student portfolio	<p>The instructors will correct and mark several pieces of writing (a maximum of 4 per student). Students should pay attention to their grammatical, lexical or stylistic mistakes and rewrite the tasks when required. Do not hesitate to ask for help if you need to solve doubts or need advice about self-study material or tools.</p> <p>Throughout the semester, students should inform the lecturer about their progress on the projects and on the course in general, either during office hours or by e-mail.</p>

Assessment comments

IMPORTANTIn order to pass this course a minimum of 5 out of 10 in the final mark is required. A score of 4 out of 10 is the minimum required in each of the following parts of the course (exam, writing task, oral test). The project (10%) and the small activities proposed by the teachers (5%) are not obligatory but highly recommended.

Deadlines for assignments are strict. Late arrivals will be penalised (25% off final mark), unless they are duly justified. Pieces of work including plagiarized material will be marked with 0.

Active participation in the different class activities, as well as all the extra-credit material carried out by the students during the course, could be awarded up to an extra 5% of the final mark. This can include voluntary work, alternative readings or any other activity proposed and accepted by students and teachers.

The students who do not attend the official exam will be given a grade of NP (absent) if they have not handed in more than 50% of the continuous assessment activities.

July opportunity: Those students who are absent from or fail the official examination session or those with less than a 4 in the writing assignments or in the speaking test (even if the average is superior to 5) will have to sit for the "second opportunity exam session" in July, where students can retake those parts they have failed, according to the following distribution of percentages: Exam (50%), writing tasks (15%), activities (15%) project (10%), oral interview (10%).

Students who are officially registered as part time, and have been granted permission not to attend classes, as stipulated in the regulations of this University, will be assessed in either of the opportunities according to the same criteria specified for the second opportunity.

Students sitting the December exam (final exam brought forward) will be assessed according to the criteria specified for the July opportunity.

IMPORTANTE: Para superar a

materia, a suma das distintas probas, project e demais actividades avaliadas deberá ser 5 sobre

10, tendo en conta que a cualificación

mínima das probas obxectivas de Use of English e das probas que avalían as catro destrezas deberá ser de 4 puntos sobre 10. Os alumnos que acaden máis dun 5 nas probas prácticas de "Use of English" feitas ao longo do cuadrimestre estarán exentos do exame de "Use of English" na proba obxectiva de xaneiro.

Aplicarase unha penalización do 25% sobre a cualificación

final de traballos e actividades se estes son entregados fóra de prazo sen causa xustificada. Os alumnos/as que non se presenten o día das probas

obxectivas de xuño ou xullo acadarán a cualificación de NP, se non entregaron máis do 50% de actividades durante o curso.

A participación dinámica nas diferentes tarefas da clase, así como todo o material de "extra-credit" que o alumnado realice ao longo do cuatrimestre, podrá supoñer ata un 5% extra na nota final. Isto inclúe traballos voluntarios, lecturas alternativas ou calquera outra actividade proposta polo profesorado, ou proposta polo alumnado e aceptada polo profesorado.

AVALIACIÓN XULLO: Os/as estudantes que en xaneiro non superen a materia ou aqueles/aquelas que non presenten alomenos o 50% das redaccións terán que ir á oportunidade de xullo, na que o alumnado terá que demostrar ter acadadas as competencias da materia nos porcentaxes totais establecidos mediante a superación de probas nas distintas destrezas, redaccións substitutorias das feitas na aula, lectura dunha narración breve distinta á proposta durante o cuatrimestre, e unha entrevista oral individualizada coa profesora.

Alumnado con dispensa: O alumnado matriculado a tempo parcial e que teña concedida unha dispensa académica deberá porse en contacto co profesorado da materia a principio de curso para planificar, en cada situación concreta e individual, os axustes necesarios na avaliación, no tocante as porcentaxes de "discusión dirixida", "lecturas" e "seminario" .
