Methodologies

Methodologies	Description
Guest lecture / keynote speech	As actividades de docencia presencial do curso abrangerán clases maxistrais, ademais das clases prácticas. Nas clases maxistrais explicaranse os temas centrais do curso de forma detida, proporcionando toda a información para que o alumno poda desenvolver o correcto seguimento do curso. A asistencia, de acordo coa guía da titulación, se considera obrigatoria e de fundamental importancia para o correcto seguimento do curso e das actividades propostas polo profesor/a. Os profesores/as encargados da docencia determinarán as tecnoloxías da información e comunicación que os alumnos poden utilizar para o desenvolvemento e seguimento das mesmas.
Problem solving	Os alumnos realizarán diferentes traballos sobre temas específicos e supostos prácticos recomendados polo profesor/a. Estes traballos valoraran a capacidade de recompilar, sintetizar e a aportación que cada alumno poda facer en canto ao estilo, enfoque e procedemento segundo orientación do profesor/a.
Objective test	A materia terá os exames finais ordinarios nas convocatorias e datas programadas pola Facultade.

Personalized attention

Methodologies	Description
Problem solving	Os alumnos deberán presentarse no despacho do profesor/a co fin de concretar os aspectos esenciais da materia para axudar ao seu estudo, nas datas e horarios que se indiquen.

Assessment			
Methodologies	Competencies / Results	Description	Qualification
Objective test	A6 B3 B4	Estas probas representarán o 80% da nota final. Realizaranse nas convocatorias oficiais segundo o calendario fixado pola Facultade. En función da evolución do curso poderá realizarse un exame pre-final, previo ás probas obxectivas que poderá ter carácter liberatorio. Os profesores encargados da materia determinarán o tipo de material e recursos que poderán utilizarse nos exames, quedando terminantemente prohibido o uso de dispositivos e teléfonos móbiles. Se se permitise o uso de calculadoras, cada alumno deberá vir provisto da súa, para o seu uso individual e exclusivo. Unha vez comezadas as probas obxectivas, quedará prohibido o acceso a éstas aos alumnos que accedan máis tarde da hora fixada para o comezo dos exames.	80
Problem solving	B4	Estes traballos representarán o 20% da nota final e a cualificación obtida nos mesmos, desenvolvidos ao longo do curso, manterase para a oportunidade de Xullo. Valoraranse os supostos prácticos e a resolución de problemas realizados polo alumno. O prazo e o modo de entrega serán de obrigado cumprimento. Non se admitirán excepcións.	20

Assessment comments
De acordo co establecido no Artigo 4.5 da Norma que regula o réxime de dedicación ao estudo dos estudantes de grao da UDC (aprobada polo Consello de Goberno o 29 de maio de 2012), non se admite a dispensa de asistencia a clase nesta materia. As actividades de docencia presencial do curso abrangerán clases teóricas e clases prácticas.
