Personalized attention	
Methodologies	Description
Supervised projects	In the interactive and practical activities the students in a small group will be able to consult in the classroom directly with the teacher the proposed activities.
Workshop	The supervised works will have the supervision of the teacher during their realization, either by telematic means (e-mail, moodle) or directly during tutoring hours.

Assessment			
Methodologies	Competencies	Description	Qualification
Supervised projects	B12 B14	The student must record a role playing of a therapeutic interview and must present it on a video format.	60
Guest lecture / keynote speech	A31	A test will be used for the assessment of the contents.	30
Workshop	B8 B10	Communication skills will be assessed by role playing techniques and analysis of video recordings or films.	10

Assessment comments	
Students who attend a minimum of 80% of classes, may not attend the written test. In this case, the video will receive 90% of the total qualification.	
The only causes that justify the absence to class are those that appear in art. 12 of the Rules of Evaluation, review and claim of qualifications of the udc.
