Methodologies	
Methodologies	Description
Guest lecture / keynote speech	Oral presentation by the teacher, complemented by use of audiovisual media and the introduction of some questions to the students, in order to impart knowledge and objective learning.
Workbook	Critical readings, comments and practical exercises that students must perform, as directed by the teacher in class.
Objective test	Oral or written exam with questions, practical exercises or text commentary.

Personalized attention	
Methodologies	Description
Workbook	It will be for readings, guiding each student on the work he has to do, how to do and information sources used. Tutorial hours for any queries on the matter be established.

Assessment			
Methodologies	Competencies	Description	Qualification
Objective test	B1 B2 C1	Written or spoken test that includes questions, practical exercises or essays.	60
Workbook	A18 B1 B2 B3 B8 B9 B14 C1	Critical readings, reflections, discussions, presentations and practical exercises that students must do IN THE CLASSROOM and they have to upload them to moodle, following directions given by the teacher.  If a student has not attended the lecture during which the practical exercise has taken place, he will NOT be able to deliver the practical exercise unless he is able to justify his absence appropriately. Since the teacher will not be able to assess either the time spent doing the exercise or the resources, the student will be graded at a lower standard should he not attend the lecture. If the student chooses to deliver the exercise without attending the lecture, he must deliver it within 24 hours of the exercise date. Please take into account that some practical exercises can only be done in a classroom environment (discussions, focus groups, presentations, etc.)	40

Assessment comments
---------------------

The student MUST CHOOSE ONE OF THE FOLLOWING ASSESSMENTS AND LET THE TEACHER KNOW BY EMAIL: mromani@udc.es within the first 15 days of the course. The student should bear in mind that he will not be able to choose

a different assessment unless he has given a valid reason and the teacher authorizes him to do so. If the student does not inform the teacher of the chosen assessment in due time, his performance will be assessed according to the criteria established, that is, the student will only be able to take the objective test on 100% of the subject.

#### ASSESSMENT ONE:

-Complete at least 25% of the "READINGS" (40%) and take the "OBJECTIVE TEST" (60%)

In this case, the marks resulting from the two methodologies will be added up, IN THE JANUARY ASSESSMENT AND IN THE JULY ASSESSMENT.

If the totals of the two methodologies do not equal to a pass in the January assessment, the results obtained in the "READINGS" will be considered, and added up to the results obtained in the "OBJECTIVE TEST" in the July assessment.

Should the student choose this assessment, HE WILL NOT be able to take the "OBJECTIVE TEST" on 100% neither in January nor in July.

#### ASSESSMENT TWO:

-Take only the ?OBJECTIVE TEST? (100%) in January and in July.

PLEASE NOTE: if due to exceptional circumstances the student cannot choose from any of the two assessments, HE SHOULD CONTACT THE TEACHER WITHIN THE FIRST 15 DAYS OF THE COURSE to discuss an alternative
