Methodologies	
Methodologies	Description

Guest lecture / keynote speech	<p>Oral exhibition of the contents that conform the theoretical frame of the matter, complemented with the use of audiovisual means and the introduction of some questions headed to the students, with the purpose to transmit knowledges and facilitate the learning.</p> <p>Specifically in the FACE-TO-FACE MODALITY consists in theoretical classes for the presentation of the contents of the subject; as well as, the discussion of subjects of current interest related with the matter and/or the realisation of small exercises/test of practical theoretical/knowledge ... In the ON-LINE MODALITY treats of diverse practical theoretical/material on the contents of the subject to disposal of the students for his reading; as well as, the discussion of subjects of current interest related with the matter by means of forums/debate on-line and/or the realisation of small exercises/test of practical theoretical/knowledge, ..</p>
Problem solving	<p>Technician by means of which has to resolve a concrete problematic situation, from the knowledges that have worked , that can have more than a possible solution.</p> <p>Specifically, so much in the FACE-TO-FACE MODALITY as in the ON-LINE MODALITY, consists in the realisation of a problem/final exercise of knowledges on the content of the asubjects, to the that it will be necessary to give answer justified to a series of short questions.</p>
Supervised projects	<p>Methodology designed to promote the autonomous learning of the students, under the tutela of the professor and in stages varied (academic and professionals). It constitutes an option based in the assumption by the students of the responsibility by his own learning. This system of education bases in two basic elements: the independent learning of the students and the follow-up of this learning by the professor-tutor.</p> <p>Specifically, so much in the FACE-TO-FACE MODALITY as in the ON-LINE MODALITY, consists in the realisation and/or virtual face-to-face/exhibition of a work proposed by the student/professor of individual form and/or in group on any of the contents of the matter.</p> <p>All the students will have to realise the public exhibition of his works.</p>
Oral presentation	<p>The students of face-to-face modality will realise the oral exhibition of his work. Said presentation will be valued in the final note. The students of modality to distance will deliver the presentation in power point and will agree with them, by part of the professors, a forum of virtual debate.</p>

**Personalized attention**

Methodologies	Description
Guest lecture / keynote speech Problem solving Supervised projects	<p>During it study academic will realize an attention customized and continued it all the students enrolled in this subject, so much to resolve doubts of the kinds presenciais/online, how to treat subjects related with the problem/final exercise or the work supeevised.</p> <p>Gerardo Domínguez Feijóo            Universidade da Coruña            Dpto. de Empresa            Área de Organización de Empresas            Teléfono: 981 167 000 ext. 3459            E-mail:g.dominguez@udc.es            Tutoring Schedule : previous appointment previously by e-mail</p>

**Assessment**

Methodologies	Competencies	Description	Qualification
Guest lecture / keynote speech	A1 A11 A5 A12 A6 A7 B2 B3 B11 C1	The assistance and active participation in the classes (15%) is compulsory and values taking into account the involucración of the studente in the face-to-face sessions (face-to-face modality) or the active participation and reasoned in the forums/virtual or similar chats (on-line modality).	15

Problem solving	A5 A6 B2 B3 B5 B9	Problem/final exercise of content (40%) is compulsory and individual and consists in the realisation of a proof of knowledges on the content of the subject to which it is necessary to give answer justified to a series of short questions. This exercise is used to be available usually from the last class of the asignatura and, later, will deliver in the time limit of 15 days (First opportunity) or like minimum 15 days before the closing of records of the month of July (Second opportunity).	40
Supervised projects	A11 A12 A6 A7 B2 B5 B10 C3 C4	The continuous evaluation of the work realised along the development of the matter. The development of the work represents 40% of the final note. In the assessment of the work will take into account the following appearances Originality, application of the foundations, quality of the editorial and utilisation of bibliographic sources. To surpass the matter, is necessary to reach a minimum punctuation of 50% in the monitored work.	40
Oral presentation	B3 C2 C9	The monitored work will be exposed in the classroom, of individual way or in group. They will value the different appearances of the quality of the information handled, the own presentation in relation to his clarity and precision together with the answer to the questions formulated. The presentation will suppose 5% of the final note of the subject.	5

### Assessment comments

The work tutelado (40%) has voluntary character and, stop this, the student has to choose before the last kind opts by the realization of this work that in the final case of not to deliver it will have a negative repercussion in the final note of two points (-2). Can be realized of individual form (students of the modality online) or in group of 2-3 people (students of the modality presencial or also students online) and versará envelope a study of one marry concrete, a proposal envelope to creation and the development of a system of management of one destine and/or new touristic product or any another fear related with the subject that the student consider of the his interest. In any case, when opting by this alternative of evaluation the student has to propose the thematic of the work to realize and the professor of the subject will communicate the acceptance of the even, his modification or the need of a new formulation. The final delivery will realize during it second fortnight of the month of April (1ª opportunity) or how minimum 15 days before the closing of acta of the month of July (2ª opportunity). Later, it facilitates more information on possible thematic and an orientation of the structure of the his Content. It is important take into account that the alternatives of evaluation chosen for student for it first opportunity will keep also for it second opportunity. During it first fortnight of the month of May will facilitate the provisional final qualifications and a possible date of review/discussion of the same in the second fortnight (second opportunity); as well as, roughly a week before the closing of acta in the month of July (second opportunity). Nevertheless, and in spite of the system of evaluation proposed previously, to the beginning of the academic course, in the presentation of the subject, can be exposed another type of percentage distribution go in the distinct methodologies. By another band, be able to be obtained additional qualifications in function of the exposed in the moment by professor of the subject. The work has to be of personal manufacture/grupal and, anyway, will be able to contain a summary of data, no a simple copy and hits of data consulted. It Will be necessary to indicate also in the own text the bibliographic sources consulted and at the end of the document collected all they in the bibliography section. The " stuentis with recognition of dedicación in time partial and metes out academic of exemption of assistance" will communicate to the start of the course his situation the professors of the subject, second establishes the "Norm that regulates the regime of dedication to the study of the students of degree in the UDC" (Art.3.b And 4.5) and the "Norms of evaluation, review and claim of the qualifications of the studies of degree and mestrado university (Art. 3 and 8b). The students in this situation will be evaluated in the date approved in the Together of School, by means of join objective proof over the contents of the step 3 of the Guide, and a work to agreed upon with the professors of the subject.
