Assessment comments

The written exam will be held on the dates set by the center at the end of the second semester and in the month of July. This objective test will be rated on a maximum of 10 points. The obtained qualification will be weighted by 70% to form the global qualification of the subject. The delivery of exercises, assumptions of liquidation and practices through TIC will have to realize it the student in the dates that establish professed, but always within the period of the second semester. They will not be accepted outside of this term, but in the case of having presented them, their qualification will be maintained for the second opportunity of the month of July. In the month of July only the written exam will be enhanced, the presentation of the rest of the tests that must be done will not be accepted. As established in the framework agreement for the preparation of the teaching guides of the Faculty of Economics and Business:- Qualification of not presented. Corresponds to students, when only participating in evaluation activities that have a weight of less than 20% on the final grade, regardless of the grade achieved.
