## Assessment comments

## SECOND OPPORTUNITY (JULY):

- THEORETICAL+PRACTICAL PAPER: 60%
- WRITTEN EXERCISES: 40%

Given that this degree programme is

part distance learning, part actual attendance, students are required to attend the compulsory sessions, unless they have applied for exemption within the time period specified by the Academic Commission of the degree, and this exemption has been granted. This exemption will be valid provided students comply with the rules on attendance in force in the three universities participating in the programme, and provided they comply with the assessment systems which are specified in the teaching guides for each module. Students should be aware, however, that not attending certain classroom sessions may affect their final grades.

PLAGIARISM: When assessing the students' essays, the teacher will pay attention to possible cases of plagiarism; to that effect, she can interview the students about their written work or use tools like TURNITIN.

## Students

who have been granted exemption, as specified in the university regulations, will be assessed according to the criteria applied to the July opportunity.

Students

who do not submit a supervised project, or who fail to submit at least 50% of the other tasks for assessment, will be graded as absent from assessment (NP: no presentado).
