General description	The objectives that are proposed,	, in relation to the Business Inform	mation Systems, are th	e following:
	Know the role they play, the life c	ycle and the components of infor	mation systems in the	business environment.
	Know your legal environment with	n special emphasis on Data Prote	ection, the Law of Elect	tronic Signature, Services of the
	Information Society, Intellectual P	roperty and Means of Payment.		
	Audit of Business Information Sys	stems with ICT support.		
	Know the ICT tools used as support	ort in the accounting and auditing	g processes.	
Contingency plan	1. Modifications to the contents			
	2. Methodologies			
	*Teaching methodologies that are	e maintained		
	*Teaching methodologies that are	e modified		
	3. Mechanisms for personalized a	attention to students		
	4. Modifications in the evaluation			
	*Evaluation observations:			
	5. Modifications to the bibliograph	y or webgraphy		

	Study programme competences / results
Code	Study programme competences / results
A5	To know how to obtain an adequate understanding of the business of the audited entity, the sector in which it operates and the nature of
	its transactions.
A6	To know how to measure and analyze the origin of costs and income obtained by the audited entity.
A8	To know how to identify the audit risks associated with the probability of error of each important component of the financial information.
A9	To know how to document the procedures and accounting principles followed by the entity as well as the accounting systems used to
	record their transactions.
A11	To know how to obtain sufficient and adequate evidence by conducting and assessing the audit tests deemed necessary.
B3	Using ICT in working contexts and lifelong learning.
B4	Acting as a respectful citizen according to democratic cultures and human rights and with a gender perspective.
B10	Critically assessing knowledge, technology and available information when facing problems.

B12	
C2	That students know how to apply the knowledge acquired and their ability to solve problems in new or unfamiliar environments within
	broader (or multidisciplinary) contexts related to their area of study.
C3	That students are able to integrate knowledge and face the complexity of making judgments based on information that, being incomplete
	or limited, includes reflections on social and ethical responsibilities linked to the application of their knowledge and judgments.
C4	That students know how to communicate their conclusions and the knowledge and ultimate reasons that sustain them to specialized and
	non-specialized audiences in a clear and unambiguous way.
C5	That students have the learning skills that allow them to continue studying in a way that will be largely self-directed or autonomous.
C6	Capacity for teamwork.
C8	Ethical and moral commitment to society, analyzed, in addition, from a solidarity perspective.
C9	Ability to solve problems.
C10	Development of the principles of loyalty and confidentiality.
C11	Development of a logical and creative critical spirit.
C12	Capacity to manage information and communication technologies in the exercise of their professional activity.

Problem solving	A5 A6 A8 A9 A11 C2	Para a Primeira Oportunidade: 100% evaluación continua.	100
	C3 C4 C6 C9 C11	1. Elaboración de casos prácticos plantexados polo profesor, nos que se desenrolará	
	C12	algún ou algúns dos aspectos relativos ao contido da materia.	
		2. Os traballos desenrolaranse en grupos de 4 a 6 alumnos. Excepcionalmente e	
		previa aprobación por parte do Profesor da materia ou do Tutor do grupo, permitiráse	
		outro número de alumnos por grupo.	
		3. Forma parte esencial da evaluación a discusión do desenrolo do mesmo co	
		Profesor da materia ou Tutor do grupo de desenrolo que se asine ao mismo.	
		4. Cualquera dúbida acerca deste apartado evaluativo ha de solventarse	
		sustentándose a solución na idea de "evaluación continua".	
		Para a Segunda Oportunidade: 60% Traballos alternativos aos da evaluación	
		continua. 40% Proba mixta (examen) en Moodle sobre os contidos da materia.	

Assessment comments

El 'Case study' and 'problem solving' are assessed on a daily basis

Students with recognition of part-time dedication and academic exemption of attendance exemption: Except for the dates approved in the Faculty Board, as far as the mixed test or exams is concerned, for the remaining tests, a specific calendar of dates compatible with their dedication will be agreed upon at the beginning of the course, which is why said students must contact with the teacher in the first ten days of the semester in which the subject is taught, in order to set the aforementioned calendar. The tests will have the same format as for full-time students.

In the event that the student is granted an opportunity for "advanced evaluation", and only in this case, to pass the subject, the student must pass a mixed oral and / or written test aimed at evaluating all competencies and content of the subject.

Qualification of not presented. Corresponds to students, when only participate in evaluation activities that have a weight of no more than 20% on the final qualification, regardless of the grade obtained.
