(*)The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

Methodologies	
Methodologies	Description
Guest lecture / keynote speech	Presentation of the contents of each topic
Case study	Presentation, analysis, discussion, and resolution of practical problems
ICT practicals	Practical exercises and activities with Moodle. Ability to use a spreadsheet program or other software.
Directed discussion	Discussions related to current practical problems
Mixed objective/subjective test	Written examination of theoretical-practical content

Personalized attention	
Methodologies	Description
Case study ICT practicals Directed discussion	Students have access to the tutoring schedule published by the Faculty for personalized attention. Appointments may be scheduled by email. In addition, there will be 4 hours of small groups tutorials, in which individual questions can be answered, and additional tutorials to strengthen the monitoring of virtual students. In all these tutorials, as well as in lectures, individual support, coordination and supervision will be offered, both for full and part-time students. These tutorials focus on ensuring that students are able to understand the subject and make financial decisions autonomously

Assessment			
Methodologies	Competencies	Description	Qualification
Case study	A2 A4 A5 A6 A7 A8 A9 A10 A12 A13 B2 B3 B4 B5 B6 B7 C1 C2 C4	Students' progress and skills will be assessed through their participation in the activities developed during the classes and as an extension of them	35
ICT practicals	A3 A4 A5 A6 A7 A13 B2 C2 C3 C8	Students' progress and skills will be assessed	20
Mixed objective/subjective test	A4 A5 A6 A7 A9 A12 B2 B1 B3 B4 B5 B6 B7 C1 C6	The ability of the students to address the theoretical-practical questions will be valued.	40

Directed discussion	A2 A3 A9 A13 B2 B3 B4 B5 B6 B9 C1 C4 C6 C8	The ability of students to defend and argue their opinions will be valued.	5
---------------------	--	--	---

Assessment comments

1. Mark ?Not present at the exam?. Students

who participate in activities that weight less than 20% of the final grade (regardless of their performance) will have the mark ?Not present at the exam?.

2. Second call. The marks of the continuous evaluation will be taken into account in the final mark in both calls (January and July).

First

call (January session). The continuous evaluation counts for 60% of the final mark and the exam the remaining 40%.

Second

call (July session). The exam counts for 40% of the final mark and students have the opportunity of retaking up to 40% of the previous continuous evaluation.

The final grade of the second call includes the mark obtained in the exam (up to 40%) and the best of the marks obtained when comparing the continuous evaluation of the first and second call.

3. End of degree call (December session).

The exam will cover all the skills and contents of the subject. The result of the exam will be the final grade.

4. Students

officially recognized as ?Part-time students?. The criteria of evaluation are the same for full and part-time students.

5. Requirements for evaluation. During the

tests, students cannot use any device that allows communication with the outside and / or storage of information.

6. Student

identification. Students must provide proof of their identity in accordance with current regulations.

7. Other

remarks on evaluation. Every test or exam not performed is worth zero. Nevertheless, a test carried out through fraudulent means leads to the mark of zero in the final evaluation.
