General description	This course is designed to give students a comprehensive knowledge about the main legal institutions involved in criminal proceedings. Specifically, the following issues will be considered: a) Constitutional principles involved in criminal proceedings; b) Judicial protection; c) Criminal proceedings regulation as a tool for the protection and enforcement of: lus puniendi, and victims and defendant's rights; d) Investiagion phase; e) Trial; f) Appeal; g) Special procedures;			

Contingency plan	1. Modifications to the contents
	The contents won't be modified.
	2. Methodologies
	*Teaching methodologies that are maintained
	The general methodological structure will be kept. Obviously, classes will be adapted to Teams, either theoretical classes and case resolution sessions.
	*Teaching methodologies that are modified
	Activities will be delivered by moodle.
	On-site classes will be substituted by on-line classes through Teams. In that case, duration and frequency will be modulated to fit to this new environment.
	3. Mechanisms for personalized attention to students
	Personalized attention to students will be offered by moodle discussions and e-mail consultation. In cases which be considered necessary, on-line interviews may be used.
	4. Modifications in the evaluation
	The evaluation will change in the following way:
	Activities and cases will imply 30% of the grades, and the final test will have the 70% of the weight.
	The final test will be substituted by an oral examination through teams.
	5. Modifications to the bibliography or webgraphy
	It is not considered.
	Although, complementary readings will be offered by moodle in order to help with e-learning methodology.

Study programme competences	
Code	Study programme competences
A1	Knowledge of the main legal institutions
A2	Knowledge of the role of law as a regulatory system of social relations
A4	Appreciating the interdisciplinary nature of legal problems
A5	Knowing the constitutional principles and values.

Methodologies	
Methodologies	Description
Case study	<p>During the course, several cases will be proposed, in order to reinforce the learning process, and to contribute to avaluation. This cases will imply two types of activities:</p> <ol style="list-style-type: none"> 1. Analysis of legal texts, or with legal content. Readings of legal papers and documents or even literary readings of films will be proposed. The aim will be to identify and discuss the different legal issues that can be found in those to achieve the understanding of legal principles or institutions which can be key for the criminal proceedings system. 2. Legal cases resolution. Departing from some facts, the analysis of legal issues will be required through answering the questions proposed or the writing of procedural documents. <p>The case resolution may be done individually or as a team.</p> <p>After the delivery to the professor, the cases will be discussed in the classroom.</p>
Objective test	In order to make an evaluation of the learning process, at least one test will be done. It will consist of two different parts: a multiple choice questionnaire and a case resolution activity.
Guest lecture / keynote speech	Main theoretical and practical questions will be explained by the professor in the classroom. During these sessions, essential notes practical consequences and institutional architecture of the criminal proceedings will be discussed.

Personalized attention	
Methodologies	Description

Guest lecture / keynote speech Case study Objective test	Personalized attention is recommended during office hours or through moodle, in order to help with the resolution of cases and to solve any doubts during the preparation of the final test.

Objective test	A1 A2 A4 A5 A7 A8 A9 A10 B7 B8 B2 C2	At the end of the course a test will take place. It will comprise two different parts: an objective test and a case resolution. This test will imply the 60% of the assessment.	60
Others			

Assessment comments
To pass the subject it is necessary to pass the mixed test (test questions and short questions). The grade of the mixed test will be used to obtain the final grade with the other scores. Part-time students with recognized academic dispensation will perform compensatory activities, prior agreement with the professors. The rest of the assessment methods will be carried out without any adaptation.
