Assessment				
Methodologies	Competencies	Description	Qualification	
Guest lecture / keynote speech	A1 A11 A2 A4 A12 A6 B2 B10 C1 C4 C6	The participation in the different face-to-face sessions will compute by 40% of the final value of the asignatura. FACE-TO-FACE MODALITY: they will consider for this the realisation of tasks related with the contents given and generated from the development of the same ON-LINE MODALITY: they will consider for this the realisation of tasks and/or forms on the included contents in the different corresponding presentations to each subject.	40	
ICT practicals	C1 C4	Different types of tasks, test, forms, etc, will be proposed using the platforms moodle, microsoft 365 or google, about different contents of the module. It will not exist differences in this case between the FACE-TO-FACE MODALITY and the ON-LINE MODALITY	20	
Supervised projects	A11 A2 A6 B2 C4 C1	It will consist in the realisation of supervised work about a proposal related to the contents treated and the competences to reach, agreed between the professor and the student. It will not exist differences in this case between the FACE-TO-FACE MODALITY and the ON-LINE MODALITY	40	

Assessment comments

- It understands by participation in the activities realised in the sessions magistrales, the development in term and form of the tasks that pose related with the contents of the temario. In the case of the face-to-face option, the no fulfillment of 70% of the assistance can involve the no superación of the asignatura, stating the student as "No Presented" in the final qualification. It dictates fault of participation can inhabilitar equally for the superación of the asignatura in the second opportunity or successive announcements, until this fulfil.

- The students of the on-line modality will have of a documentation, references and equivalent prices to the work carried out by the students witness, so that the section of participation was equally computable to effects of evaluation of the sessions maxistráis. In the sections of practices through TIC and Works tutelados the development will be the todos similar effects between the two groups.

- The preparation of the works tutelados that attend to the design and/or development of a project of sportive tourism, will have like reference the guidelines managed in the discurrir of the own asignatura, and además the following norms in the cases in which it was pertinent:

It JOINS-THIS 21500

It JOINS-THIS 21101

It JOINS-THIS/TR 21102 IN

It JOINS-THIS 21103

They will consider equally the rules referred to the companies of active tourism that correspond, attending to the community autonoma or the administrative surroundings in which it carry out.

The qualification of the works will distribute of general way, and without prejudice to a greater precision in function of the work, in relation to the following elements and criteria:

Contextualización And fundamentación: 30%

Plantexamento And development (Inclusion and application of the different elements and tools purchased in the matter): 60%

Appearances form (Norms APA, 6^a) and structure: 10%

Attending equally to the rule of the UDC, calquer work that in his whole or partly contain contents copied of other works published or no published, of internet, etc. will be considered how suspense.

In concordance with the plantexamens of sosteniblidade that is promoting the University of A Coruña, in the measure of the possible seguiránse the following guidelines:

1.- The delivery of the documentary works that realise in this matter:

1.1. It will request in virtual format and/or computer support

1.2. It will realise through Moodle, in digital format without need to print them

1.3. To realise in paper:

- They will not employ plastic.

- They will realise impressions to double expensive.

- It will employ paper recycled.

- It will avoid the impression of drafts.

2.- Has to do a sustainable use of the resources and the prevention of negative impacts on the half natural

3.- Has to take into account to importance of the ethical principles related with the values of the sosteniblidade in the personal and professional behaviours
