Methodologies	
Methodologies	Description
Supervised projects	Realización dun traballo de investigación nun grupo de investigación universitario no ámbito da Enxeñería Industrial. Ao inicio do curso os grupos de investigación ofertarán temas de traballo, indicando o tutor responsable. Os estudantes elixirán o tema de traballo de entre os propostos polos grupos de investigación. O tutor preparará un proxecto formativo que asinarán tutor, estudante e coordinador da materia. Ao final do curso o tutor entregará un informe valorando o traballo do estudante.
Oral presentation	Ao final do curso o estudante entregará unha memoria do traballo realizado e realizará unha presentación do mesmo ante un tribunal evaluador.
Guest lecture / keynote speech	Seminario impartido ao principio do curso para expoñer os contidos do tema "Introducción á investigación".

Personalized attention	
Methodologies	Description
Supervised projects	Os tutores dos traballos de investigación realizarán un seguimento do progreso dos estudantes nos horarios de tutoría semanais. Poderanse realizar tutorías presenciais ou non presenciais por medios telemáticos (correo electrónico, teléfono, Teams).
