

Teaching Guide				
Identifying Data				2021/22
Subject (*)	Conservation Biology	Code	610485013	
Study programme	Mestrado Universitario en Bioloxía Mariña			
Descriptors				
Cycle	Period	Year	Type	Credits
Official Master's Degree	2nd four-month period	First	Optional	3
Language	Spanish			
Teaching method	Face-to-face			
Prerequisites				
Department	Bioloxía Departamento profesorado máster			
Coordinador	Fernández Rodríguez, Nuria	E-mail	n.fernandez1@udc.es	
Lecturers	Domínguez Conde, Jesús Fernández Rodríguez, Nuria García Estévez, José Manuel Muiño Boedo, Ramon Jose	E-mail	n.fernandez1@udc.es ramon.muino@udc.es	
Web	http://masterbiologiamarina.uvigo.es/			
General description	To train students in the basics of conservation biology, providing knowledge tools that allow the resolution of practical cases concerning the marine environment. Check the GADU at: http://masterbiologiamarina.uvigo.es/index.php?option=com_content&view=article&id=71&Itemid=468			
Contingency plan	<ol style="list-style-type: none"> Modifications to the contents Methodologies <ul style="list-style-type: none"> *Teaching methodologies that are maintained *Teaching methodologies that are modified Mechanisms for personalized attention to students Modifications in the evaluation <ul style="list-style-type: none"> *Evaluation observations: Modifications to the bibliography or webgraphy 			

Study programme competences	
Code	Study programme competences
A2	Coñecemento da diversidade de organismos mariños e as súas estratexias adaptativas
A3	Coñecemento e comprensión das interaccións dos organismos mariños e os ecosistemas mariños e costeiros
A5	Coñecemento dos principios de explotación e sustentabilidade do medio mariño e planificación e supervisión da súa xestión
A8	Coñecemento e manexo da metodoloxía de investigación, das técnicas de mostraxe e instrumentais e de análises de datos aplicados ao medio mariño

Contents	
Topic	Sub-topic

Planning				
Methodologies / tests	Competencies	Ordinary class hours	Student?s personal work hours	Total hours
Supervised projects		0	20	20
Objective test		3	0	3
Guest lecture / keynote speech		20	28	48
Personalized attention		4	0	4

(*)The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

Methodologies	
Methodologies	Description
Supervised projects	
Objective test	
Guest lecture / keynote speech	

Personalized attention	
Methodologies	Description
Supervised projects	

Assessment			
Methodologies	Competencies	Description	Qualification
Supervised projects			35
Objective test			65
