General description	This course aims at providing students with a solid knowledge of language diversity exploring both intralinguistic and						
	extralinguistic factors that have some influence on language cjhnage and variation.						
Contingency plan	1. Changes in contents						
	The contents of the course will remain the same						
	2. Methodology						
	The teaching methods will be kept although adapted to distance teaching (e-amil, Moodle or Teams)						
	3. Personalised attention to students						
	Students will receive individual and/or group attention by e-mail, Teams or Moodle) during the official timetible and						
	calendar						
	4. Ohen men in the eventuelt of		4. Changes in the evaluation There will be no changes in the programmed evaluation already designed for distance teaching				
	4. Changes in the evaluation		under also also also de la d	terra di fara di ata a si di

Contents		
Topic Sub-topic		
1. Introduction and basic concepts The idea of language change		
	The idea of language variation	
	Language classifications: typological, geographical, genealogical	
	Diachrony, synchrony, diatopy and diaphases in language	
Historical Linguistics: main tenets and methodologies.	The comparatist method	
	Reconstruction as a method	

Theoretical frameworks for the study of variation and change	Structuralism
	Generativism
	Grammaticalisation
	Construction grammar
	(Historical) sociolinguistics
	Other approaches
Variation and change at different levels:	Phonology
	Lexis
	Semantics
	Morphology
	Syntax

	Methodologies			
Methodologies	gies Description			
Introductory activities	Students will be given examples from different languages so that they may think about any phenomena observable at first			
	sight			
Guest lecture /	The teachers will explain concepts, theoretical framworks and processes relating to language variation and change. These			
keynote speech	sessions may include interaction with students by means of fialogue and debate			
ICT practicals	Use of different platforms, dataases, tee-banks, corpora and other electronic tools for linguistic research that are good bases			
	for empirical studies			
Document analysis	Critical reading of recommended sources			
Mixed	Mixed test to be solved either in class or at home			
objective/subjective				
test				
Oral presentation	Presentation containing the concepts and competences acquired			

	Personalized attention
Methodologies	Description
ICT practicals	Students will receive persional attention either at the teachers' offices or via e-mail.

		Assessment	
Methodologies	Competencies /	Description	Qualification
	Results		
Mixed		Test or tests to be taken in class or submitted by any electronic platform as	15
objective/subjective		recommended by the teacgers	
test			
Oral presentation		Oral presentation and/or paper (1,500 words, excluding references).	60

ICT practicals	Use and command of electronic linguistic tools and resources	10
Document analysis	Critical reading of different sources	15
Cocond opportunity:	Assessment comments	
Second opportunity:		
Students will have to repeat only	those parts (exercises and case study)	
in which they did not reach a pas	s in the first opportunity. In the second	
opportunity the case study will be	e submitted as a written essay (between	
2,000-3,000 words, excluding ref	erences).	
Students officially exempt from cl	lass attendance:	
Students will have		
	0%) and submit an essay on a case study	
(between 2,000-3,000 words, exc		
•	ne in English. Overall correctness in	
anguage and in the use of forma	I conventions is indispensable. Therefore,	
grammatical and orthographic mi	stakes will be penalised.	
Those who		
are officially registered as part-ti	me students, and have been granted	
permission not to attend classes,	as stipulated in the regulations of	
his University, will be assessed i	n either of the opportunities	
according to the same criteria sp	ecified for the second opportunity.	
Part-time		
students who have been granted	a "dispensa académica" must contact the	
teacher at the beginning of the se	emester in order to design the	
necessary changes and adjustme	ents relating to the different activities	
to be carried out along the acade	mic year.	
LINGUISTIC ACCURACY		
Both		
the theoretical and practical example	mination must meet the minimum	
requirements of linguistic correct	ness (spelling and grammar,	
punctuation, syntax concordance	e, lexical precision, or formal register).	
	spected of students is equivalent to a	
C1 level. Deficiencies in this area	a will be penalized in qualifying.	
Essays		
-	through Turnitin in order to detect	
<b>o i i o i</b>	y other type of fraud. Should this	
occur, the rules for plagiarism wil	l be applied. (Normasde avaliación,	
evisión e reclamación das cualif	icacións dos estudos de grao emestrado	
, S	s papers previously turned in by other	
people (or the student him/herse		
universities, as well as other mate	erial found on Internet.

 Other comments

 &It;p>

 Students are expected to complete all assignments and readings suggested by the lecturer(s), and to come to the sessions prepared to discuss them. Students must visit the eLearning platform for the course regularly. Students are expected to check their university email on a regular basis: announcements and last-minute changes will be notified via email. &It/p>&It;p>

 Academic misconduct (including cheating, plagiarism, self-plagiarism, collusion or fabrication of results) will not be tolerated and will be penalised.
