Modifications to the bibliography or webgraphy None</p>			

Study programme competences / results	
Code	Study programme competences / results
A13	Saber traballar en equipos profesionais como unidade básica na que se estruturan de forma uni ou multidisciplinar e interdisciplinar os profesionais e demais persoal das organizacións asistenciais.
A17	Comprender a importancia de actualizar os coñecementos, habilidades, destrezas e actitudes que integran as competencias profesionais do fisioterapeuta.
A19	Comunicarse de modo efectivo e claro, tanto de forma oral como escrita, cos usuarios do sistema sanitario así como con outros profesionais.
B1	CB1 - Que los estudiantes hayan demostrado poseer y comprender conocimientos en un área de estudio que parte de la base de la educación secundaria general, y se suele encontrar a un nivel que, si bien se apoya en libros de texto avanzados, incluye también algunos aspectos que implican conocimientos procedentes de la vanguardia de su campo de estudio
B2	CB2 - Que los estudiantes sepan aplicar sus conocimientos a su trabajo o vocación de una forma profesional y posean las competencias que suelen demostrarse por medio de la elaboración y defensa de argumentos y la resolución de problemas dentro de su área de estudio

B3	CB3 - Que los estudiantes tengan la capacidad de reunir e interpretar datos relevantes (normalmente dentro de su área de estudio) para emitir juicios que incluyan una reflexión sobre temas relevantes de índole social, científica o ética
B4	CB4 - Que los estudiantes puedan transmitir información, ideas, problemas y soluciones a un público tanto especializado como no especializado
B5	CB5 - Que los estudiantes hayan desarrollado aquellas habilidades de aprendizaje necesarias para emprender estudios posteriores con un alto grado de autonomía
C1	Adequate oral and written expression in the official languages.
C2	Mastering oral and written expression in a foreign language.
C3	Using ICT in working contexts and lifelong learning.
C4	Acting as a respectful citizen according to democratic cultures and human rights and with a gender perspective.
C5	Understanding the importance of entrepreneurial culture and the useful means for enterprising people.
C8	Valuing the importance of research, innovation and technological development for the socioeconomic and cultural progress of society.
C9	Ability to manage times and resources: developing plans, prioritizing activities, identifying critical points, establishing goals and accomplishing them.

Guest lecture / keynote speech	C1 C3 C9	22	0	22
Student portfolio	A17 C2 C3 C4	2	7	9
Personalized attention		8	0	8

(*)The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

Methodologies	
Methodologies	Description
Directed discussion	Discussion and conversation. Supervision by teacher(s). This will include the translation of texts, both from Spanish to English and English to Spanish.
Supervised projects	Students will write an assignment of about 6 pages A4 where (s)he describes in English a treatment or therapy belonging to her/his speciality. The assignment may respect the following structure: (Introduction, Body text, Discussion, Conclusions and Bibliography)
Oral presentation	The presentation, probably in class time, should last about 10 minutes plus questions.
Guest lecture / keynote speech	Teacher talking time.
Student portfolio	Apart from the Supervised Project, students will be asked to submit some written work.

Personalized attention	
Methodologies	Description
Supervised projects	Teachers will assist students in the preparation of their presentations and Supervised Projects.

Assessment			
Methodologies	Competencies / Results	Description	Qualification
Supervised projects	A13 A19 B3 C8	Written assignment about 6 pages in length centred on a theme related to Physiotherapy, in English.	60
Oral presentation	B4 B5 C5	Oral presentations in English	30
Student portfolio	A17 C2 C3 C4	Attendance, participation carried out during the course.	10

Assessment comments
Those students who do not come to the first opportunity session will be given a grade of "No Presentado". Those who do not come to the second opportunity session will be given a grade of "No presentado" unless they failed in the first exam, in which case they will be given a grade of "Fail" (Suspense).
In the second opportunity, students will have to present the work they did not submit during the course.
Those students with a special dispensation for part-time study or other will be required to contact the teacher in charge of the subject. They will need to present a longer piece of written coursework.
