(*)The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

Methodologies	
Methodologies	Description
Guest lecture / keynote speech	The masterclass is also known as "Conference", "Method expositivo" or "Lesson magistral". This last modality is used to reserve to a special type of lesson given by a professor in special occasions, with a content that supposes an original preparation and based in the almost exclusive use of the word like road of transmission of the information to the audience.
Case study	Teaching-learning method in which students are presented with a specific set of real-life circumstances and a problem (?case?) which they must attempt to understand, assess and solve as a group through a process of discussion. Students should be able to analyse a series of facts relating to a particular area of knowledge or activity, and arrive at a rational conclusion via a process of discussion within small work groups.
Introductory activities	Activities that carry out before initiating any process of education-learning to end to know the competitions, interests and/or motivations that possesses the alumnado for the attainment of the aims that want to reach , linked to a formative program. With her it pretends obtain notable information that allow to articulate the teaching to favour effective and significant learnings, that split of the previous knowledges of the alumnado. It allows to purchase the competitions of start and adaptation of this asignatura.

Personalized attention	
Methodologies	Description
Case study	The personalised attention will do , as a whole, by means of tutorías personalised direct and virtual, individual and grupales.

Assessment

Methodologies	Competencies / Results	Description	Qualification
Case study	B2 B5 B8 B9 B14	Only examination gives session maxistral and estudo of cases by oportunidade. To matter compórtase, avalíase and revisase like an everything. To suspend, do not save cualificaci3ns parciais of "parts of examination".	0
Guest lecture / keynote speech	A3 B6 B7 B10 B11 B12 B29 C4	Only examination gives session maxistral and estudo of cases by oportunidade. To matter compórtase, avalíase and revisase like an everything. To suspend, do not save cualificaci3ns parciais of "parts of examination".	100

Assessment comments

ECOLOGICAL OBSERVATIONS: To help to achieve some sustainable immediate surroundings and fulfil the strategic aim of the Plan Green Campus FCS, the documentary works that realise in this matter: to.- Mostly they will request in virtual format and computer support. b.- To realise in paper: - they will not use plastic. - They will realise impressions to double expensive. - It will employ paper recycled. - It will avoid the realisation of drafts.

QUALIFICATION OF THE MATTER REHABILITATION OF THE ADULT WITH PHYSICAL DISABILITY OF THE DEGREE IN OCCUPATIONAL THERAPY: An alone and only examination written integrated by opportunity, with the following distribution of punctuations: A. Prof. Sergio Santos del Riego will evaluate on 4 points (40%). B. Prof. Antonio Rodríguez Sotillo will evaluate on 3 points (30%). C. Prof. Antonio Montoto Marqués will evaluate on 3 points (30%). The final qualification of the theoretical examination (sessions magistrales and study of cases), and therefore of the asignatura, will be the sumatorio of A+B+C. Only it will review a qualification: the final qualification, with the conjoint presence, to be feasible, of the teachers of the asignatura. It will need an equal or greater qualification to 5 points to approve the asignatura. Yes the total sum was inferior to 5 points, the final qualification of the matter will be of suspense/to.

INFORMATION ON THE FINAL QUALIFICATION: - In relation with the announcement/course, will realise only an examination written final/opportunity: one at the earliest opportunity and another in the second opportunity (July) to preserve the equity in the deal with the students. The dates of the examinations will be established according to the official calendar of examinations approved in Board of Faculty. - The matter comports, evaluates and reviews how one everything. To suspend, do not save partial qualifications of "parts of examination".

The responsible professor, with the consensus of the rest of teachers of the matter, reserves to possibility to realise some change in the evaluation, review or other appearances that will be notified to the students with the sufficient antelación.
