### Assessment comments

## Evaluation observations

### A) ASSESSMENT RULES:

1. Evaluation conditions: It is forbidden to access the exam room with any device that allows communication with the outside and/or storage of information.
2. Student identification: The student must prove their identity in accordance with current regulations.

### B) TYPES OF QUALIFICATION:

1. Not presented qualification: Corresponds to the student, when he only participates in evaluation activities that have a weighting of less than 20% of the final qualification, regardless of the qualification achieved.
2. Students with recognition of part-time dedication and academic waiver of attendance exemption: Except for the dates approved by the Faculty Board for the final objective test, a specific calendar of compatible dates will be agreed upon at the beginning of the course for the remaining tests. with your dedication so it is mandatory that you contact the teacher in the first 10 days of the semester

### C) ASSESSMENT OPPORTUNITIES:

1. First opportunity: 50% continuous evaluation and 50% mixed test on the entire content of the subject in the official exam period that follows the end of the semester classes.
2. Second opportunity: the highest grade will prevail between the grade obtained in the 2nd opportunity final exam and the average of weighting said exam with the continuous evaluation grade obtained during the semester.
3. Advanced call: The evaluation conditions of the advanced opportunity (art. 19 of the Norms of Assessment, Review and Claims of Qualifications of Grao Studies and University Masters) will be specific to this opportunity. This will be evaluated by means of a mixed oral and/or written test that assesses all the contents and skills of the subject and that will account for 100% of the final grade.

### Other observations of continuous evaluation:

The solution of problems can be done during the development of the classes and without the need for prior notice. All this requires active and participatory assistance by the student in addition to the updated study of the material provided, so that the teacher will be able to assess aspects such as: class attendance and the oral and written interventions of the students.

For evaluation purposes, the weighting of each part of the subject, both in the continuous evaluation and in the final test, will correspond to the percentage of teaching hours of each part.
