Exam 40% and activities during the term 60%. In the exam opportunity of July, the students will do a Project(4-6 pages and 60% of the grade) and the exam (40% of the final grade). Those students who have satisfactorily presented projects and other available activities during the term, will not present further projects in July and will only take the exam. Students not present in the exams in the first or second opportunity, will appear as 'absent from assessment' if they have not done 50% of the assessable activities. Following the academic regulations, students who fail the first opportunity and do not show up at the second opportunity in July, will appear as 'fail'

Those who are officially registered as part time students and have been granted permission not to attend classes, as stipulated in the regulations of this University, will be assessed in either opportunity according to the criteria specified as the second opportunity (July).

Students sitting the December exam (final exam brought forward) will be assessed according to the criteria specified for the July opportunity.
