General description	As prácticas externas son unha parte fundamental da formación do estudiantado que curse este Máster, ao permitirlle achegarse á realidade laboral e aplicar de forma práctica o aprendido durante os cursos. As prácticas poderanse desenvolver en institucións públicas, empresas ou entidades non lucrativas, tanto por iniciativa propia (propondo o sitio), como elixindo o conxunto de convenios asociados ao Máster e á UDC. Farase un seguimento obrigatorio destas por parte dun/a titor/a académico e un/a titor/a profesional.			

Study programme competences

Code	Study programme competences
A9	C9. Know the operation of companies and institutions that carry out research and analysis of the social, political and economic reality.
A10	C10. Acquire advanced knowledge on the theoretical and practical aspects of the challenges of today's societies through the processes of research and social analysis.
A13	H3 Develop applied research for intervention purposes related to some complex challenge of society.
A14	H4 Transmit the results of basic and applied research, as well as the most relevant foundations on which they are based, clearly and unambiguously, taking into account the diversity of contexts, audiences and needs, using different presentation and display options.
A18	H8 Develop sufficient capacity and autonomy to work in interdisciplinary or transdisciplinary teams, and to offer proposals that contribute to sustainable environmental, economic, political and social development.
A20	CP1. Contrast the importance of the existing methodological diversity for the analysis of the social, political and economic reality, addressing different complex problems of current societies through creative and innovative solutions.
A21	CP2. Apply the processes and protocols for gathering information in an ethical manner necessary to correctly and respectfully observe and analyze the social, political and economic reality, especially in contexts of high vulnerability or complexity.
A23	CP4. Develop the ability to apply theoretical and methodological knowledge to carry out proficient professional activities in interdisciplinary environments.
A30	CP11. Acquire experience in decision-making and teamwork in interdisciplinary professional contexts applying the results of social research.

Learning outcomes

Learning outcomes	Study programme competences		
O alumnado desenvolverá a súa capacidade para aplicar os coñecementos teóricos e prácticos para a elaboración de proxectos de investigación en contextos profesionais de investigación e análise social.	AC10		
	AC13		
	AC20		
	AC21		
	AC23
