Supervised projects	A3 A4 A5 A6 A8 A9 B3 B4 B5 B6 B7 B8 B10 C1 C4 C5 C6 C7 C8	12	36	48
Mixed objective/subjective test	A10 A11 B1 B2	1	0	1
Aprendizaxe servizo	B2 B3 B7 C4 C5 C6 C7 C8	3	3	6
Personalized attention		4	0	4

(*)The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

Methodologies	
Methodologies	Description
Guest lecture / keynote speech	The conceptual framework will be presented during the classes. Theories will be aligned with the cases of study, in order to provide a complete vision of the application of strategic management into practice. Inductive and deductive methods will be used. The time devoted to each of the chapters in which the subject will be divided in proportion to its extent and degree of difficulty in its preparation.

Case study	<p>The teacher will present the analysis of different real companies framing each of them in the appropriate sections of the course contents.</p> <p>Through each of the cases, students and teacher engage in a process of analysis and deep discussion about the circumstances facing each of the companies analyzed.</p> <p>The teacher will present the analysis of different real companies framing each of them in the appropriate sections of the course contents.</p> <p>Through each of the cases, students and teacher engage in a process of analysis and deep discussion about the circumstances facing each of the companies analyzed.</p>
Supervised projects	Students will work following the methodology of case of study in order to analyze a business case from the strategic management approach.
Mixed objective/subjective test	Students will answer to questions regarding issues treated in lectures. The minimum mark in this exam will be 4 in 10 points, in order to consider the marks of case studies and supervised projects, the marks of case studies and supervised projects in the final mark of the ordinary call.

Aprendizaxe servizo	<p>Students will be able to choose to do the supervised project of a third sector company, combining the service to the community with the learning of strategic analysis tools and competency-based management.</p> <p>Teachers will ask previously to the non-profit organizations the availability of their professionals to facilitate the work of the students.</p>
---------------------	--

Personalized attention

Methodologies	Description
Case study Aprendizaxe servizo Mixed objective/subjective test Supervised projects Guest lecture / keynote speech	<p>In master classes, the teacher will address each of the issues raised by students during their development relating to the subject. If the issues raised require broader responses, the teacher will offer to the student a complementary explanation during the tutorial sessions. Answers to previous questions can be posted on Teams and Moodle (e-learning platform), in order to other students can take advantage of it. During the sessions of case study, students should intervene to ask, clarify or explain their different approaches. The teacher will provide support to the working groups in the classroom and also in the tutorial sessions.</p> <p>Following the recommendations of the UDC regarding sustainability, the reports will be sent in digital format, avoiding the unjustified consumption of paper.</p> <p>Students and teachers are committed to provide the strategic analysis reports to the firms case of study, especially the nonprofit organizations involved in the student learning-service project.</p> <p>Students with part-time attendance recognized by the academic institution will mainly use Teams and Moodle platforms and mail and Teams to manage the contents of the subject and to contact with the professor for on-line tutorial sessions.</p>

Assessment

Methodologies	Competencies / Results	Description	Qualification
Case study	A4 A5	20% of the final mark	20
Mixed objective/subjective test	A10 A11 B1 B2	40% of the final mark. Minimum mark: 4 on 10	40
Supervised projects	A3 A4 A5 A6 A8 A9 B3 B4 B5 B6 B7 B8 B10 C1 C4 C5 C6 C7 C8	40% of the final mark	40
Guest lecture / keynote speech	A1 A2 A3 A6	Requirement of 50% of attendance.	0

Assessment comments

The evaluation criteria will serve for the first opportunity. In the evaluation of supervised projects, the professor will take into account the the service-based-learning project. Participation in continuous assessment activities in a percentage less than 20% implies an assessment of not presented, regardless of the score achieved.

In the second opportunity, the final exam will be based on a case study, which the student will analyze based on the conceptual framework and technical tools learned in the semester. Students who did not pass the continuous evaluation will have to take a mixed test on two case studies. Those who passed the continuous evaluation will only have to do the first part of the exam, and their final grade will be $0.6 \times \text{continuous evaluation grade} + 0.4 \times \text{grade of the first part of the exam}$.

The students with recognition of part-time dedication and attendance exemption will be assessed with the same evaluation criteria, but the requirement of minimum attendance.

In the advanced call of December the evaluation criteria will be the same of those of the second opportunity.

If any fraudulent behavior is detected in any of the methodologies, the student will fail the subject. Students cannot use any mobile devices during the exams. If they do it, they will fail the subject.

Or the student must demonstrate to his / her personality in accordance with current regulations. For all other matters not specifically detailed in this guide there is current regulations applicable.
