

## Teaching Guide

| Identifying Data         |   |        |           |         |
|--------------------------|---|--------|-----------|---------|
|                          |   |        | 2023/24   |         |
| Subject (*)              | Photogrametrics and Robot Vision              | Code   | 614535010 |         |
| Study programme          | Máster Universitario en Visión por Computador |        |           |         |
| Descriptors              |   |        |           |         |
| Cycle                    | Period  | Year   | Type      | Credits |
| Official Master's Degree | 2nd four-month period                         | First  | Optional  | 6       |
| Language                 | English                                       |        |           |         |
| Teaching method          | Face-to-face                                  |        |           |         |
| Prerequisites            |   |        |           |         |
| Department               |   |        |           |         |
| Coordinador              |   | E-mail |           |         |
| Lecturers                |   | E-mail |           |         |
| Web                      |   |        |           |         |
| General description      |   |        |           |         |

## Study programme competences

| Code | Study programme competences |
|------|-----------------------------|
|      |                             |

## Learning outcomes

| Learning outcomes | Study programme competences |
|-------------------|-----------------------------|
|                   |                             |

## Contents

| Topic | Sub-topic |
|-------|-----------|
|       |           |

## Planning

| Methodologies / tests  | Competencies | Ordinary class hours | Student?s personal work hours | Total hours |
|------------------------|--------------|----------------------|-------------------------------|-------------|
| Personalized attention |              | 0                    |                               | 0           |

(\*)The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

## Methodologies

| Methodologies | Description |
|---------------|-------------|
|               |             |

## Personalized attention

| Methodologies | Description |
|---------------|-------------|
|               |             |

## Assessment

| Methodologies | Competencies | Description | Qualification |
|---------------|--------------|-------------|---------------|
|               |              |             |               |
