Methodologies	
Methodologies	Description
Guest lecture / keynote speech	The teacher presents a lesson of the syllabus and the introduction of some questions addressed to the students with the purpose of transmitting knowledge and facilitating learning. In addition to the oral presentation time by the teacher, this training activity requires the student to dedicate some time to prepare and review the class materials on their own.

Workshop	Students are asked to carry out work and solve practical cases. This activity, as indicated, can be done individually or in work groups. It also requires oral presentation of the work and case studies followed by a debate in the classroom. All this with the support and supervision of the teacher.
Objective test	Test Final exam of the syllabus
