

Teaching Guide

Identifying Data					2023/24
Subject (*)	BRM & ISM & ISPS		Code	631G01376	
Study programme	Grao en Náutica e Transporte Marítimo				
Descriptors					
Cycle	Period	Year	Type	Credits	
Graduate	2nd four-month period	Third	Optional	6	
Language	Spanish				
Teaching method	Face-to-face				
Prerequisites					
Department	Ciencias da Navegación e Enxeñaría Mariña				
Coordinador	Campa Portela, Rosa Mary de la	E-mail	rosa.mary.campa@udc.es		
Lecturers	Campa Portela, Rosa Mary de la Troya Calatayud, Jose Joaquin de	E-mail	rosa.mary.campa@udc.es joaquin.troya@udc.es		
Web					
General description	<p>The objectives of the course are:</p> <ul style="list-style-type: none"> - Acquire the necessary knowledge for the correct application of the International Safety Management Code. - Likewise, the principles for teamwork and management of human resources on board will be studied in depth. - On the other hand, the contents necessary to obtain the Basic Training Certificate on ISPS Code will be discussed. - Finally, the basic principles for crowd and crisis management in passenger ships will be studied. 				

Study programme competences / results

Code	Study programme competences / results
B33	RA11H-Develop both individual and group work
B40	RA27H?Use of IMO Standard Phrases for maritime communications, and use of written and spoken English.
B45	RA38H?Applying leadership and teamwork qualities
B49	RA44H?Establishing on-call duty systems and procedures
B57	RA58H?Using leadership and management qualities
B79	RA80H?Observe safe working practices.
B80	RA81H?Contribute to effective communications on board the ship.
B81	RA82H?Contribute to good human relations on board the ship.
B82	RA83H?Understand and take the necessary measures to manage fatigue.
B93	RA96H?Contribute to increased maritime security by raising awareness.
B94	RA97H?Recognise protection threats.
B95	RA98H?Understand the need for and methods of maintaining awareness and vigilance in the area of protection.
B96	RA99H?Maintain the conditions set out in a ship security plan.
B97	RA100H?Recognise protection risks and threats.
B98	RA101H?Conduct regular security inspections of the ship.
B99	RA102H?Proper use of equipment and protective systems, if any.
B101	RA104H?Assisting passengers on their way to assembly and embarkation stations
B103	RA106H?Optimising the use of resources
C15	RA17X-Communicating effectively in a work environment.
C19	RA22X?Maintaining a safe navigational watch
C27	RA37X?Monitoring compliance with legislative requirements
C28	RA39X?Contributing to the safety of personnel and the vessel
C30	RA48X?Take action in case of navigational emergencies
C34	RA55X?Monitor and control compliance with legislative requirements and measures to ensure safety of life at sea, maritime security and protection of the marine environment.
C35	RA56X?Maintaining the safety and security of the ship, crew and passengers, and the proper functioning of life-saving, fire-fighting and other safety systems

C38	RA107X?Directing emergency intervention
C39	RA108X?Directing passengers and other staff members in emergency situations

Learning outcomes		
Learning outcomes	Study programme competences / results	
RA11H-Develop both individual and group work	B33	
RA27H- Use of IMO Standard Phrases for maritime communications, and use of written and spoken English.	B40

Methodologies	
Methodologies	Description
Collaborative learning	Guided teaching-learning procedures (overseen in person and/or using ICT methods) based on organisation of class into small groups in which students work together to solve tasks assigned by teacher, with aim of optimising their learning experience and that of other members of group.
Online forum	Informal discussion space for students to exchange ideas concerning specific problem or topic. Interaction takes place in online learning environment using asynchronous communication tools
ICT practicals	Practice-based learning method for theoretical subject content using ICT resources (demonstrations, simulations, etc.)
Mixed objective/subjective test	Mixed test consisting of essay-type and objective test questions. Essay section consists of open (extended answer) questions; objective test may contain multiple-choice, ordering and sequencing, short answer, binary, completion and/or multiple-matching questions.
Guest lecture / keynote speech	Oral presentation (using audiovisual material and student interaction) designed to transmit knowledge and encourage learning

Personalized attention	
Methodologies	Description
Online forum ICT practicals Collaborative learning	As per teachers' instructions and students' needs

Assessment			
Methodologies	Competencies / Results	Description	Qualification
Online forum	B45 B57 B81 B82 B101 B103 C28 C35 C38 C39	For semestral assessment it will be necessary to carry out 80% of the activities proposed in this section.	5
ICT practicals	B33 B40 B45 B49 B57 B79 B80 B81 B82 B93 B94 B95 B96 B97 B98 B99 B101 B103 C15 C19 C27 C28 C30 C34 C35 C38 C39	For semestral assessment it will be necessary to carry out 80% of the activities proposed in this section. For final assessment it will be necessary to carry out 100% of the activities proposed in this section, but they will not be part of the final mark.	10
Collaborative learning	B33 B45 B49 B57 B79 B80 B81 B82 B101 B103 C15 C19 C27 C28 C30 C34 C35 C38 C39	For semestral assessment it will be necessary to carry out 80% of the activities proposed in this section.	5

Mixed objective/subjective test	B33 B40 B45 B49 B57 B79 B80 B81 B82 B93 B94 B95 B96 B97 B98 B99 B101 B103 C15 C19 C27 C28 C30 C34 C35 C38 C39	Face-to-face test. Each part of the subject (ISM; BTM; ISPS) will be tested independently It is essential to pass each of the tests to pass the subject (50% of the score assigned to each part). The percentage of the note will be distributed correlatively to the weight of each part in the matter: ISM: 40% BTM: 40% ISPS: 20% This section will be 100% of the mark for students without semestral assessment	80

Assessment comments

Students with part-time enrollment and academic grant of attendance exemption, as established by the "NORMA QUE REGULA EL RÉGIMEN DE DEDICACIÓN AL ESTUDIO DE LOS ESTUDANTES DE GRADO Y MASTER EN LA UDC (Arts. 2.3; 3.b; 4.3 and 7.5) (05/04/2017) may take the mid-term exams, if any, without having to attend 80% of the face-to-face classes, as long as the professors are duly informed at the beginning of the course. Regardless of the foregoing, the professors may assign these students with different assignments/ problems throughout the course to be presented during tutorials, using the TEAMS system if appropriate in the teacher's opinion.

The fraudulent completion of exams or assessment activities, once confirmed, will result directly in a failing grade in the respective exam session: the student will be graded as "fail" (numerical grade of 0) in the corresponding academic year's exam session, whether the misconduct occurs in the first opportunity or the second. In this regard, their grade will be modified in the first opportunity's record, if necessary.

The assessment criteria reflected on table A-II/1 of the STCW Code, and also reflected in the Quality System, are taken into account to design and perform the assessment.
