Assessment comments

.- The objective test will be carried out on the official dates. It will be necessary to reach a 4 in the written test to add the practices..- "The fraudulent performance of the tests or evaluation activities, once verified, will directly imply the qualification of failure in the call in which it is committed: the student will be qualified with "suspense" (numerical grade 0) in the corresponding call of the academic year, whether the offense is committed on the first opportunity or on the second. For this, their qualification will be modified in the first opportunity record, if necessary."

.- The evaluation criteria contemplated in tables A-III/1 and A-III/3 of the STCW Code and included in the Quality Assurance System, will be taken into account when designing and carrying out the evaluation..- Students with recognition of part-time dedication and academic exemption from attendance, as established in the "RULE THAT REGULATES THE REGIME OF DEDICATION TO THE STUDY OF UNDERGRADUATE STUDENTS AT UDC (Articles 2.3; 3.b; 4.3 and 7.5) (05/04/2017), they will have the right to take an objective test with the possibility of obtaining 100% grade on the dates of the official exams.
