Assessment comments

Submitting tasks:

Late submissions with no justification will be applied a 25% penalty. Plagiarised tasks will be given a 0 automatically. Plagiarism detection tools can be used. Any fault against academic integrity (plagiarism, copying a task or an exam...) will be penalised, according to the Regulamento Disciplinar do Estudantado da UdC, articles 10.3.f and 11.4.b, with a Qualification of Fail (Suspenso) for both opportunities in the Course.

Non Presentado (NP) Qualification:

To be able to obtain the Non Presentado (NP) qualification, students must not have handed in the group project (Collaborative Learning) or done their Oral Presentation.

Linguistic correctness

Written activities must meet the minimum requirements of linguistic correctness (spelling and grammar, punctuation, syntax, lexical precision, or formal register) students are assumed to have for this level. Mistakes WILL be penalized.

JULY OPPORTUNITY:

Students not able to pass the subject in the first opportunity must sit the second opportunity in July. The proportion of each assessment item will be the same, although the different tasks will be changed for new, specific ones. Those parts of the subject that students have already passed (more than 50% of the marks) in the first opportunity cannot be repeated for July.

DISPENSA ACADÉMICA:

Students with an officially recognised "dispensa académica" will be assessed following the instructions for the July opportunity, maintaining the same proportion for the assessment items and adapting the tasks so that they can be completed asynchronously. Students in this situation must contact the teachers as soon as they become aware of it.

Measures in favour of diversity

The subject could be adapted for students requiring the adoption of specific measures in favour of diversity, according to the instructions of the Unidade de Atención á Diversidade (<https://www.udc.es/cufie/ADI/>), with which you can contact during the periods established by this Unit. You can also count with the advice from the ADI tutor (pat.filoloxia@udc.gal).

Measures in favour of equality

In accordance with the various regulations governing university teaching, it is necessary to incorporate a gender perspective into this subject. This includes, among other measures, the use of non-sexist language, bibliographies that are inclusive from a gender perspective, and encouraging participation from all students in class, regardless of their gender.

We will pay particular attention to identifying and addressing sexist prejudices and attitudes. We will actively work towards the modification of this environment and the promotion of values of respect and equality.

Our efforts will focus on detecting cases of gender discrimination and implementing appropriate actions to rectify such cases.
