Assessment comments

A) ASSESSMENT

RULES:

1. Evaluation

conditions: It is forbidden to access the exam room with any device that allows communication with the outside and/or storage of information.

The student will be graded with failing grade (numerical grade 0) in the corresponding convocatory and both in the first and in the second oportunities.

If needed, the mark in the first oportunity act will be altered

2. Student

identification: The student must prove her identity in accordance with current regulations.

B) TYPES OF

QUALIFICATION:

1. Rating of

not presented: Corresponds to the student, when he only participates in evaluation activities that have a weighting of less than 20% of the final grade, regardless of the grade achieved.

2. Students

with recognition of part-time dedication and academic waiver of attendance exemption: Except for the dates approved by the Faculty Board for the final mixed test, a specific calendar of compatible dates will be agreed upon at the beginning of the course for the remaining tests. with their dedication, which is why said students must contact the teacher in the first ten days of the semester in which the subject is taught, in order to set the aforementioned calendar. The tests will have the same format as for full-time students.

C) ASSESSMENT

OPPORTUNITIES:

1. First

oportunity: the evaluation criteria previously indicated in this section will be applied.

2. Second

oportunity: as long as the attendance requirement indicated in point 4 is met, the highest grade will prevail between the weighted average grade between continuous evaluation (50%) and final mixed test (50%) and the grade obtained in the final mixed test. Otherwise, the evaluation criteria of the first oportunity will be maintained.

3. Advanced

call: The evaluation conditions of the advanced oportunity (art. 19 of the Norms of Assessment, Review and Claims of Qualifications of Grao Studies and University Masters) will be specific to this oportunity. This will be evaluated by means of a mixed oral and/or written test that assesses all the contents and skills of the subject and that will account for 100% of the final grade.

4. Other

observations: Continuous assessment will represent 50% of the total grade, so class attendance is mandatory for students without academic exemption from attendance exemption or recognition of part-time dedication.

In continuous

evaluation, case studies and problem solving can be carried out during the course of the classes and without the need for prior notice. All this requires active class participation by the student and an updated study of the material

provided, so that the teacher can assess aspects such as the resolution of exercises and the oral interventions of the students.

The remaining

50% will correspond to the grade of the final mixed test to be taken on all the content of the subject in the official exam period that follows the end of the semester classes.
