#### Assessment comments

To pass the subject it is necessary to obtain a 5 out of 10 in the Objective Test-Exam, not scoring the Supervised Work if the Objective Test-Exam is not passed.

Attendance at interactive classes is essential to be able to carry out said supervised work. In the case of students with recognition of part-time dedication and academic exemption from attendance, they must catch up with the progression of the classes and join one of the work groups of students who regularly attend class. It will be evaluated with the same criteria as the rest of the students.

**ADDITIONAL SPECIFICATIONS:**

1. The same evaluation criteria will be applied to the July call as to the January one.
2. The Tutored Work will be delivered on the same date by all the students, in case of non-delivery, it does not score.
3. The fraudulent performance of the tests or evaluation activities will directly imply the qualification of suspense with a numerical grade 0 (following article 11, section 4b of the Disciplinary Regulation of the UDC student body)
4. Students with recognition of part-time dedication and academic exemption from attendance will be evaluated using the same criteria as the rest of the students, as specified above.
