Assessment comments

The continuous evaluation will represent 50% of the total grades. The remaining 50% will correspond to the grade of the test to be done about all the content of the subject in the period of official exams that follow the end of the classes of the semester.

On the July opportunity, the same criteria will apply. In this regard, the teacher may propose additional tasks that allow the student to improve the rating of their continuous assessment.

For the continuous assessment, 20% of the grades corresponds to Problem solving and Oral presentation, and it will refer to tasks performed in class. The marks to evaluate this section will relate to attendance to class, resolution of exercises and oral interventions by the students.

Students with recognition of part-time dedication and academic exemption of attendance exemption:

Except for the dates approved in the Faculty Board, as far as the mixed test or exams is concerned, for the remaining tests, a specific calendar of dates compatible with their dedication will be agreed upon at the beginning of the course, which is why said students must contact the teacher in the first ten days of the term in which the subject is taught, in order to set the aforementioned calendar. The tests will have the same format as for full-time students.

In the event that the student is granted an opportunity for "advanced evaluation", and only in this case, to pass the subject, the student must pass a mixed oral and / or written test aimed at evaluating all competencies and content of the subject.

Qualification of not presented. Corresponds to students, when only participate in evaluation activities that have a weight of no more than 20% on the final qualification, regardless of the grade obtained.
