General description	The objectives that are proposed, in	n relation to the Business Info	rmation Systems, are the	following:		
	Know the role they play, the life cyc	cle and the components of info	ormation systems in the b	usiness environment.		
	Know your legal environment with special emphasis on Data Protection, the Law of Electronic Signature, Services of the					
	Information Society, Intellectual Property and Means of Payment.					
	Audit of Business Information Systems with ICT support.					
	Know the ICT tools used as support in the accounting and auditing processes.					

	Study programme competences
Code	Study programme competences
A5	To know how to obtain an adequate understanding of the business of the audited entity, the sector in which it operates and the nature of
	its transactions.
A6	To know how to measure and analyze the origin of costs and income obtained by the audited entity.
A8	To know how to identify the audit risks associated with the probability of error of each important component of the financial information.
A9	To know how to document the procedures and accounting principles followed by the entity as well as the accounting systems used to
	record their transactions.
A11	To know how to obtain sufficient and adequate evidence by conducting and assessing the audit tests deemed necessary.
В3	Using ICT in working contexts and lifelong learning.
В4	Acting as a respectful citizen according to democratic cultures and human rights and with a gender perspective.
B10	Critically assessing knowledge, technology and available information when facing problems.
B12	
C2	That students know how to apply the knowledge acquired and their ability to solve problems in new or unfamiliar environments within
	broader (or multidisciplinary) contexts related to their area of study.
C3	That students are able to integrate knowledge and face the complexity of making judgments based on information that, being incomplete
	or limited, includes reflections on social and ethical responsibilities linked to the application of their knowledge and judgments.
C4	That students know how to communicate their conclusions and the knowledge and ultimate reasons that sustain them to specialized and
	non-specialized audiences in a clear and unambiguous way.
C5	That students have the learning skills that allow them to continue studying in a way that will be largely self-directed or autonomous.
C6	Capacity for teamwork.
C8	Ethical and moral commitment to society, analyzed, in addition, from a solidarity perspective.
C9	Ability to solve problems.
C10	Development of the principles of loyalty and confidentiality.
C11	Development of a logical and creative critical spirit.
C12	Capacity to manage information and communication technologies in the exercise of their professional activity.

## **Assessment comments**

## El 'Case study' and 'problem solving' are assessed on a daily basis

Students with recognition of part-time dedication and academic exemption of attendance exemption: Except for the dates approved in the Faculty Board, as far as the mixed test or exams is concerned, for the remaining tests, a specific calendar of dates compatible with their dedication will be agreed upon at the beginning of the course, which is why said students must contact with the teacher in the first ten days of the semester in which the subject is taught, in order to set the aforementioned calendar. The tests will have the same format as for full-time students.

In the event that the student is granted an opportunity for "advanced evaluation", and only in this case, to pass the subject, the student must pass a mixed oral and / or written test aimed at evaluating all competencies and content of the subject.

Qualification of not presented. Corresponds to students, when only participate in evaluation activities that have a weight of no more than 20% on the final qualification, regardless of the grade obtained.
