Methodologies	
Methodologies	Description
Guest lecture / keynote speech	The classroom teacher explains each of the themes of the program content. Use the waxed and technologies available. Students solve any doubts that it faces. At the end of each master class it opens a time of clarification, comments, etc.
Problem solving	It corresponds with the midterms (continuous evaluation of the student), which may consist of multiple choice tests, problem solving, short questions, etc. When the midterms (continuous evaluation) are based on multiple choice tests, the incorrect questions will have penalization.
Mixed objective/subjective test	There will be only one exam at the "second opportunity" (July call) where the weight of this exam will be 100% of the final grade for the subject. This exam may consist of a multiple choice test (with only one correct answer per question). The exam may also include short questions to explain contents of the subject and / or problems solving. For the case of multiple choice tests, wrong answers will have penalization.

Personalized attention	
Methodologies	Description
Guest lecture / keynote speech	Personalized attention in small group and in individual office hours, especially in relation to the work and other activities presented in the classroom or in Moodle.
Problem solving	
Mixed objective/subjective test	The Small Group Office hours as well as the individual ones will be preferably virtual
