Assessment comments

For the recognition of marks for attendance at events, the Dean's Office will provide a list of registered students that must be signed at the event held. Those students who have not been able to attend for a duly justified reason must provide the documents that accredit such justification. The deadline for doing so will be one week after the event is held.

The number of events shall not be more than 12 or less than 4, throughout the academic year.

For the calculation of the qualification, 4 of the events held will be chosen at random, giving priority to face-to-face events. Each of the 4 selected events will be worth 0.5 points, so that attendance at all of them guarantees a mark of 2 points, which represents 20% of the maximum achievable mark.

The full integration of students who, for physical, sensory, mental or socio-cultural reasons, experience difficulties in gaining adequate access to university life will be facilitated.
