## Study programme competences

| Code | Study programme competences                                                                               |
|------|-----------------------------------------------------------------------------------------------------------|
| A1   | Knowledge of the main legal institutions                                                                  |
| A2   | Knowledge of the role of law as a regulatory system of social relations                                   |
| A3   | Grasping the systematic nature of the legal system                                                        |
| A4   | Appreciating the interdisciplinary nature of legal problems                                               |
| A5   | Knowing the constitutional principles and values.                                                         |
| A6   | Understanding the different manifestations of law in its historical evolution and in its current reality. |
| A7   | Knowing the national and international legal and political structures.                                    |
| A8   | Basic knowledge of legal argumentation.                                                                   |
| A9   | Ability to handle legal sources (legal, jurisprudential and doctrinal).                                   |
| A10  | Ability to interpret and critically assess the legal system.                                              |

|     |                                                                                                                                                                                                                                                               |
|-----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| A11 | Ability to understand and write legal documents.                                                                                                                                                                                                              |
| A13 | Mastering new technologies applied to law.                                                                                                                                                                                                                    |
| A15 | Ability to negotiate and mediate.                                                                                                                                                                                                                             |
| B2  | Ability to know how to apply their knowledge to their work or vocation in a professional way and possess the skills that are usually demonstrated through the elaboration and defense of arguments and the resolution of problems within their area of study. |
| B3  | Ability to gather and interpret relevant data (usually within their area of study) to make judgments that include a reflection on social, scientific or ethical relevant issues.                                                                              |
| B4  | Ability to transmit information, ideas, problems and solutions to a specialized and non-specialized public.                                                                                                                                                   |
| B7  | Effective problem solving.                                                                                                                                                                                                                                    |
| B8  | Critical, logical, and creative thinking.                                                                                                                                                                                                                     |
| B13 | Computing and ICT skills.                                                                                                                                                                                                                                     |
| C1  | Adequate oral and written expression in the official languages.                                                                                                                                                                                               |
| C3  | Using ICT in working contexts and lifelong learning.                                                                                                                                                                                                          |
| C4  | Exercising an open, educated, critical, committed, democratic and supportive citizenship for the sake of the common good.                                                                                                                                     |
| C5  | Understanding the importance of entrepreneurial culture and knowing the useful means for enterprising people.                                                                                                                                                 |
| C6  | Critically assess the knowledge, technology and information available to solve the problems they face.                                                                                                                                                        |
| C7  | Assume as a professional and citizen the importance of lifelong learning.                                                                                                                                                                                     |
| C8  | Valuing the importance of research, innovation and technological development for the socioeconomic and cultural progress of society.                                                                                                                          |

| Learning outcomes                                                                                      |                             |     |    |
