Gender perspective

In accordance with the various regulations governing university teaching, it is necessary to incorporate a gender perspective into this subject. This includes, among other measures, the use of non-sexist language, bibliographies that are inclusive from a gender perspective, and encouraging participation from all students in class, regardless of their gender.

We will pay particular attention to identifying and addressing sexist prejudices and attitudes. We will actively work towards the modification of this environment and the promotion of values of respect and equality.

Our efforts will focus on detecting cases of gender discrimination and implementing appropriate actions to rectify such cases.
