Assessment comments

1. Deadlines for handing in the supervised projects will be given. You must hand in all tasks required for marks to be added to the rest of the marks. Work handed in late, without adequate justification, will be penalized. 2. You will be required to sign in at every session (whole group, interactive and tutorial groups). Regular attendance is an indication of your interest in the subject, apart from being necessary for progress. 3. Mixed objective/subjective test: (exam on written exercises) the date is fixed by the Faculty with the first opportunity at the end of the semester. This date is NOT negotiable. Students should, therefore, make sure they are present, especially if they travel during the Christmas holidays. This applies to all students, both local UDC ones and visiting Erasmus students. 4. The second opportunity, in July, according to the dates approved by the Faculty, will consist of repeating the part(s) of the assessment not already passed, maintaining the same percentages. If the "supervised projects" (assignments) part is failed, students must present new pieces of work. Details will be posted on Moodle, with deadlines during the second semester and before the exam period begins. 5. The July opportunity is not intended as a way of improving marks in sections already passed; it is only for resitting the parts which a student has failed. 6. A minimum mark of 5 out of 10 is necessary in each part of the assessment in order to pass this subject. 7. Students will obtain a "no presentado" (absent from assessment) if they do not attend the exams and if they do not hand in any work. 8. Students who are officially registered as part time, and have been granted permission not to attend classes, as stipulated in the regulations of this University, will be assessed in either of the opportunities according to the same criteria specified for the second opportunity. 9. Students sitting the December exam (final exam brought forward) will be assessed according to the criteria specified for the July opportunity. 10. If you fail the first opportunity and do not attend the second opportunity, your mark will be suspenso (fail). 11.

Other comments

We recommend attending and participating in class, so as to be up to date with your studies; we also ask you to carry out the tasks within the specified time limits. & nbsp; You will be asked to sign in to every class, because this is an indicator of your level of interest and implication in the subject. The only e-mail address we will use is the official UDC one, so check it regularly. Please write to us from this UDC address to avoid your mail being lost or eliminated as spam. Other announcements will appear on Moodle, so check regularly. Attending class allows you to understand the subject better, to acquire individual and collective competence, & nbsp; continuous learning, direct interaction with other students, and the possibility of & nbsp; participating more actively in the teaching-learning methodology. & nbsp; & nbsp; May we remind you that UDC is & nbsp; not a distance-learning university, but one in which students are expected to be present. Consequently, & nbsp; it is complusory to attend & nbsp; classes in each subject. & nbsp; & nbsp; In certain cases, officially approved by the University, students may opt out of the obligation to attend classes. & nbsp; Otherwise, you are expected to & nbsp; attend and your absences will be duly noted.

The dates of oral exams will be announced sufficiently in advance, and will be posted on Moodle. You are advised to keep an eye on this virtual teaching platform.

If you do not attend the oral exam in the first opportunity, on the date announced, you will lose this opportunity for this part of the assessment. Therefore, you will only have left the second opportunity, in July.If you experience difficulty in attending the oral exam, you should notify the teacher as soon as possible.Note that exam dates at UDC are not negotiable; if you are an Erasmus student in Coruña, you are obliged to follow the UDC academic calendar, not the calendar of your home university. We cannot programme different dates to suit individual students.
