| General description      | This course analyses the concepts of development, development cooperation and co-development from a sociological and political perspective. Students will analyse the main development cooperation plans promoted by the European Union within the framework of the Neighbourhood Policy. Special focus will be given to the relations with Mediterranean and African countries. |        |                        |           |

## Study programme competences

| Code | Study programme competences                                                                                                                                                                  |
|------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| A1   | CE1 - Determinar as dimensións e categorías axeitadas para o diagnóstico e a análise científica das situacións de exclusión social.                                                          |
| A2   | CE2 - Interpretar os feitos e as políticas sociais desde os distintos paradigmas teóricos vixentes na análise da exclusión.                                                                  |
| A6   | CE6 - Avaliar a capacidade e eficacia das medidas de intervención para corrixir ou previr situacións e procesos de exclusión social.                                                         |
| A7   | CE7 - Identificar e valorar a posibilidade de intervención e prevención en procesos de conflitividade social.                                                                                |
| A8   | CE8 - Identificar procesos e factores de cohesión social, e deseñar medidas para a súa potenciación.                                                                                         |
| A10  | CEM2 - Dominar as principais ferramentas conceptuais e técnicas que permiten definir un colectivo e unha problemática migratoria como obxecto de estudo e análise.                           |
| A14  | CEM6 - Actuar como profesional competente e cualificado/a no ámbito da análise das migracións internacionais e do traballo con colectivos migrantes.                                         |
| B1   | CB1 - Demostrar coñecementos avanzados, de carácter multidisciplinar, para a investigación e o exercicio profesional no ámbito da exclusión social.                                          |
| B2   | CB2 - Aplicar e integrar os coñecementos a contornos e problemas emerxentes e indefinidos, na práctica investigadora e profesional.                                                          |
| B3   | CB3 - Seleccionar o marco científico adecuado para avaliar as evidencias dispoñibles e postular hipóteses razoadas sobre a avaliación previsible dos feitos sociais estudados.               |
| B5   | CB5 - Comunicar con claridade os coñecementos e problemas científicos sobre os que se traballa tanto a un público non experto como de especialistas.                                         |
| B6   | CB6 - Posuír e comprender coñecementos que proporcionen unha base ou oportunidade para ser orixinais no desenvolvemento e/ou a aplicación de ideas, a miúdo nun contexto de investigación.   |
| B13  | CX1 - Comprender e integrar coñecementos complexos para traducilos en propostas de investigación e programas de intervención en contextos sociais problemáticos.                             |
| B14  | CX2 - Realizar unha análise crítica da realidade social e do desenvolvemento profesional vinculada aos feitos sociais sobre os que se traballa.                                              |
| B15  | CX3 - Deseñar, aplicar e avaliar proxectos de investigación en ciencias sociais relacionados cos procesos e as situacións de exclusión social.                                               |
| B17  | CX5 - Elaborar e defender informes, proxectos e memorias no campo das ciencias sociais.                                                                                                      |
| B18  | CX6 - Valorar a adecuación das distintas ferramentas teóricas, metodolóxicas e técnicas ás preguntas e os obxectivos específicos formulados sobre a realidade social e as políticas sociais. |
| C1   | CT1 - Adequate oral and written expression in the official languages.                                                                                                                        |

|    |                                                                                                                                                                                                                   |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| C4 | CT4 - Acting as a respectful citizen according to democratic cultures and human rights and with a gender perspective.                                                                                             |
| C5 | CT5 - Understanding the importance of entrepreneurial culture and the useful means for enterprising people.                                                                                                       |
| C6 | CT6 -Acquiring skills for healthy lifestyles, and healthy habits and routines.                                                                                                                                    |
| C7 | CT7 - Developing the ability to work in interdisciplinary and transdisciplinary teams in order to offer proposals that can contribute to a sustainable environmental, economic, political and social development. |

| Directed discussion           | Sessions are based on a theoretical introduction to each didactic unit and the collective discussion in class of a series of readings. The active participation of students will be valued.                                                                                                                   |
| Long answer / essay questions | Throughout the course students should write an academic essay (6,000 words maximum) addressing a practical case of development cooperation that is linked to the management of migration. This case may be from the present context or have a historical perspective. The essays could be presented in class. |
