General description	The aim of this module is to introduce resources, strategies and teaching materials regarding Teaching Foreign Languages in Secondary Education which will guide the teaching and learning process from a critical and reflective perspective. These resources, strategies and teaching materials will revise the use of English as a tool, not only for this university module, but also for their future career in a plurilingual teaching context. Besides, they will contribute to students' continuous training, use in the classroom and research.					
Contingency plan	<ol style="list-style-type: none"><li>Modifications to the contents</li><li>Methodologies *Teaching methodologies that are maintained all of them.  *Teaching methodologies that are modified In-class methodologies will be carried out on-line.</li><li>Mechanisms for personalized attention to students Continuous contact through telematic means.</li><li>Modifications in the evaluation  *Evaluation observations: Oral presentations will be carried out through digital resources.</li><li>Modifications to the bibliography or webgraphy</li></ol>					

Study programme competences	
Code	Study programme competences
A21	(CE-E7)Adquirir criterios de selección e elaboración de materiais educativos.

Guest lecture / keynote speech	A21 A22 A23 C2 C3	19	30	49
Personalized attention		1	0	1

(\*)The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

Methodologies	
Methodologies	Description
Document analysis	Son un conjunto de textos y documentación escrita que se han recogido y editado como fuente de profundización en los contenidos trabajados.
Case study	Deseño e implementación dun recurso innovador para a aula de LE.
Oral presentation	Presentación individual dun recurso innovador para a aula de LE.
Guest lecture / keynote speech	Exposición oral complementada con el uso de medios audiovisuales y la introducción de algunas preguntas dirigidas a los estudiantes, con la finalidad de transmitir conocimientos y facilitar el aprendizaje.

Personalized attention	
Methodologies	Description
Case study	The direction of all supervised work necessarily entails the possibility for the student to receive personalized attention. The works will be reviewed by the teacher at least once during tutorials and as long as the student deems it appropriate.
Document analysis	
Oral presentation	

Assessment			
Methodologies	Competencies	Description	Qualification

Case study	A21 A22 C3	Design and application of an innovative teaching material for or use in the FL classroom	30
Document analysis	A21 C2	Five case studies should be critically analysed. An analysis of each article will consist of two pages in Times New Roman font and double space, and it will be organized in: 1. Title, source and summary of the work; Sections of the work; and critical analysis.	50
Oral presentation	A22	Analysis and presentation in class of innovative teaching material for use in the FL classroom.	20

**Assessment comments**

In order to pass the subject, students must attend 80% of the attendance sessions.

Those students with an academic exemption with attendance exemption, formally requested in time and form, will be evaluated through the following components:

Analysis of documentary sources-Analyse of 8 articles: 5 points.

Case study- Design of two didactic materials: 5 points.

The final mark will be the result of the addition of the grades obtained.

**Recommendations**

Subjects that it is recommended to have taken before

Subjects that are recommended to be taken simultaneously

Subjects that continue the syllabus

**Other comments**

It is recommended to submit the works electronically and, if this is not possible, do not use plastics, choose double-sided printing, use recycled paper and avoid printing drafts. Sustainable use of resources and the prevention of negative impact on the natural environment must be made. The importance of ethical principles related to the values of sustainability in personal and professional behaviours should be taken into account;
