| General description | <p>This course complements the content of other materials that are directly or indirectly related to economics and business management of the design.</p> <p>The main purpose of it is to equip students with the knowledge those needed to succeed in the field of Quality. To do this, it will release the concept of quality, its historical development, the current notion Assurance standards and quality management, the concept of security, ...</p> |         |          |           |

| Study programme competences |  |
|-----------------------------|--|
| Code                        | Study programme competences  |
| A1                          | Aplicar o coñecemento das diferentes áreas involucradas no Plano Formativo.  |
| A4                          | Traballar de forma efectiva como individuo e como membro de equipos diversos e multidisciplinares.   |
| A8                          | Capacidade de usar as técnicas, habilidades e ferramentas modernas para a práctica da enxeñaría.   |
| A10                         | Comprensión das responsabilidades éticas e sociais derivadas da súa actividade profesional.  |
| B1                          | Capacidade de comunicación oral e escrita de maneira efectiva con ética e responsabilidade social como cidadán e como profesional.   |
| B4                          | Traballar de forma colaborativa. Coñecer as dinámicas de grupo e o traballo en equipo.   |
| B5                          | Resolver problemas de forma efectiva.  |
| B7                          | Capacidade de liderado e para a toma de decisións.   |
| B10                         | Capacidade de organización e planificación.  |
| B12                         | Comprensión das responsabilidades éticas e sociales derivadas da súa actividade profesional  |
| C4                          | Desenvolverse para o exercicio dunha cidadanía aberta, culta, crítica, comprometida, democrática e solidaria, capaz de analizar a realidade, diagnosticar problemas, formular e implantar solucións baseadas no coñecemento e orientadas ao ben común. |
| C5                          | Entender a importancia da cultura emprendedora e coñecer os medios ao alcance das persoas emprendedoras.   |
| C6                          | Valorar criticamente o coñecemento, a tecnoloxía e a información dispoñible para resolver os problemas cos que deben enfrentarse.  |
| C7                          | Asumir como profesional e cidadán a importancia da aprendizaxe ao longo da vida.   |
| C8                          | Valorar a importancia que ten a investigación, a innovación e o desenvolvemento tecnolóxico no avance socioeconómico e cultural da sociedade.  |
